What’s happening now?
Why BYO Devices?

- NSSCF finished – BYO devices the next step
- Cost effective - device prices are decreasing
- Anywhere, anytime learning
- Increased student responsibility
- Increased confidence in using technology, enhanced learning & teaching
- Student familiarity and expertise with their own device
- Students can choose programs to suit their learning and task needs
- Increased access to online resources
- Laptop capacity overkill for 75 to 80% of students
Device necessity 21st
